Saturday – World Congress

The World Congress starts on Saturday morning and will, among other things, include the following lectures:

Veterinarian Victoria M. Kristiansen will speak about Mammary Gland Tumours in dogs, and Babette Baddaky Taugbøl, Veterinary dermatologist will give a lecture about Atopic dermatitis and adverse food reactions in the dog. We will also hear a lecture by NTKK's Veterinarian Kristin Prestrud. A video will be shown of Dr Grieg and some of her Tibetan Terriers from the 1950's. We will hear an interview with Angela Mulliner, and there will also be time for discussions about developments in the Tibetan Terrier as a breed.

The conference will last through the afternoon and we will finish the evening with dinner.

Sunday – Dog Show

On Sunday we will have a Champion Show arranged by NTKK. The show will start with the judging of all the puppies and then the males. After the males are judged we'll all take a break for lunch before the bitches get their turn in the ring.

The judge for the day is Anne Cathrine Unelsrød, She has been a breeder of Tibetan Terriers under the prefix Bondekonen. She is now an active breeder of Schapendoes and Bichon Havanaise and also one of the newer Norwegian judges.
